

Wil stopped abruptly, “Do you hear that hum? It can be heard in the other dimension. The souls there are **very disturbed** about it!” Then they began to see images of Charlene in their minds. Wil said, “I think we can travel in the Afterlife dimension and look for her. When we pay attention, inspecting the details of the potential future we’re shown, purposely maintaining the image in our minds, intentionally believing, then whatever we are imaging tends to happen more readily—we bring on the coincidence. In the Afterlife you can make things happen just by willing it, but it isn’t fulfilling. The same is true on Earth, only things move at a slower rate. Real fulfillment comes only when we tune into our inner direction, trusting in divine guidance. Only then do we use our will to move toward the potential futures we received. In this sense we become cocreators with the divine source. When we learn to use our visualization, we fall into alignment with the Afterlife dimension, helping to [unite Heaven and Earth](#) (cards 46, 47).

Then Wil instructed Redfield to re-create Charlene’s face in his mind. Suddenly, he felt a rush of energy, twisting him forward into a multicolored tunnel. They appeared completely luminescent in a place that Wil said was an observation point, where souls come after death. A *consecrated* group of souls appeared, shimmering in and out of focus, emanating a loving and supportive energy. Another soul materialized, who was in a state of shock, realizing he had just died. He began to delude himself by re-creating his office on Earth, pretending he was not dead. When the souls sent him love and information, the office gradually disappeared. An intense light appeared, but only the man could look directly at it. It filled him with love and a calm perspective as he could clearly see the life he had just lived and experienced his [Life Review](#).

He was born John Donald Williams and had a doctorate in physics and had worked at the Defense Department and now at a private energy corporation. He had profound regrets about his life, having pursued research of new technologies, failing to consider their danger. He had allowed his employers to feed him theories of unfamiliar physical principles without questioning them because it led him to success. Then his mind shifted to a scene in the 19th century there in the valley at a military outpost. A consensus had been reached that there was no hope for peace, war was inevitable with the Native Americans. A white woman was trying to bring word of a peace initiate with the Natives, but the general refused to see her, removing her at gunpoint. They were under pressure, having promised the region would be open for economic expansion to the railroad and coal tycoons and newly emerging oil interest. A war was necessary if the **vision** of the power brokers and their political allies was to be **actualized**. Williams, one of two aides to the general, knew the woman should have been heard, but remained silent. The other aide, like the general and controllers, **Feared** the Natives because of their alienation from the expanding industrial economy and because the elders *remembered* another **vision of the future**.

Williams’ mind shifted to the site of the battle. The white woman was hiding in the rocks with a congressional aide. She knew her effort could have worked, repeating, “It can be healed!” Two calvary men rode toward a Native, who Redfield recognized as the angry chief he had seen in his mind when talking to David. He shot an arrow and killed one of his pursuers, then the other soldier stabbed him to death. The white woman and aide were killed by bullets. Williams had failed his **Birth Vision**. He intended to meet the aide, who was to awaken and go find six others, forming a group of seven to help resolve the **Fear**. Human culture was polarizing, giving the controllers one last opportunity to seize power, to exploit new technologies. Williams knew the group of seven must come together, and if enough [prayer groups formed](#) and understood the **Fear**, the polarization could be **dispelled** and the experiments in the valley ended.

FOLLOW YOUR INTUITIONS: GAZE (IMAGE) AND LISTEN INTERNALLY TO WALK WITH GOD

THE TENTH INSIGHT by James Redfield coincidentally appeared in my favorite thrift just before *Our Lady* gave her annual message. The synchronicity intrigued me, having written the first Nine Insights found in *The Celestine Prophecy* in sync with *Our Lady's* ongoing messages (cards 38–42). Part I is abridged from chapters 1–2. Will *Our Lady's* ongoing messages be in sync with the rest of the book?

CH. 1 IMAGING THE PATH: In a valley in the Appalachian mountains Mr. Redfield was searching for his friend Charlene Billings, who had been in Peru with him, where they discovered the first Nine Insights. Charlene was missing and her co-worker contacted Redfield and faxed him a map she left leading to the valley. In town he met a Native American, David Lone Eagle, who said he had heard others talking of her and that she probably went to Sipsey Canyon, where one of the dimensional openings is found, many people were being synchronistically led by their intuitions to go there, looking for the Tenth Insight. David explained: **“The Tenth Insight is about perceiving mysterious coincidences and the growing spiritual consciousness from the higher perspective of the Afterlife dimension, so that we can understand why this transformation is happening and participate (serve) more fully with the plan.”**

As David spoke a clear image of him in **another time** came to Redfield's mind's eye. He saw him in the 19th century in a circle with other Native Americans and a white woman and man. David and the group wanted war after so much teachery; but the white woman pleaded: “War can be avoided and the valley protected if the spiritual medicine is great enough!”

MARY STATES: “IT IS FALSE TO TEACH WE ARE REBORN MANY TIMES AND PASS TO DIFFERENT BODIES. ONE IS BORN ONLY ONCE (MED. 7/24/82). INTUITIVE THOUGHT: MARY STATES: “THERE ARE MANY SOULS IN PURGATORY. THERE ARE ALSO PERSONS WHO HAVE BEEN CONSECRATED TO GOD, SOME PRIESTS, SOME RELIGIOUS” (MED. 7/21/82). PERHAPS GOD ALSO PERMITS SPECIAL GROUPS OF CONSECRATED PEOPLE TO RE-ENTER EARTH. HE PROMISED TO RE-SEND ELIJAH. ZECHARIAH PROPHESED THE BIRTH VISION OF HIS SON JOHN THE BAPTIST AS FULFILLING THIS, AND SO DID JESUS (MAL. 4; LK. 1; MT. 17).

David continued, “My ancestors believed this forest was a sacred site midway between the upper world and the middle world here on earth. My people would fast and enter the valley on vision quests, looking for their specific gifts, their medicine, the path they should walk in this life. They were taught to search for a **state of purification**. A shaman taught them to leave from this spot with only a knife and walk until the animals provided a sign and then follow until they reached the sacred openings into the upper world. If they **cleared their lower emotions**, they might be allowed to enter the openings and meet directly with the ancestors, where they could remember their **Birth Vision** (*divinely ordained life plan*) and the **World Vision** (*divinely ordained world plan*). But all this ended when the white man came and now no one can remember how to do it. We have to figure it out like everyone else and all I seem to be doing is this **penance of forgiveness** (*asking for love and mercy*). Every time I try to move forward, a part of me can't get past the resentment, the rage, at what happened to my people. How could it happen that our land was stolen and our way of life destroyed? Why would that be allowed? There is a rage that comes when I think of this valley being misused.

KING DAVID WAS CONSECRATED BY GOD AND REMEMBERED HE HAD A BIRTH VISION: “WHEN I WAS WOVEN IN THE DEPTHS OF THE EARTH, YOUR EYES SAW MY BODY FORMED. ALL THE DAYS ORDAINED FOR ME WERE WRITTEN IN YOUR BOOK BEFORE ONE OF THEM CAME TO BE (1 SAM. 16; PS. 139: 15–16).

“Half of the valley is protected by National Forest, but now the politicians threatened to sell it or allow development. For a long time the other half was owned individually, but now there's a foreign-registered corporation trying to buy it up. Our way of life was important. We were learning the value of *remembering*. This was the great message the Europeans could have received from my people if they had stopped to listen.”

As David packed up his campsite, Redfield wanted to go with him, but he said, “Each person must experience the valley alone. You can find your friend if you elevate your energy to a higher level. There are specific locations in the valley that can help you, where you can discover the perspective of the Tenth Insight. But to find these places you must understand the true nature of your intuitions and how to maintain these mental images. Also watch for animals and you'll begin to remember what you are doing here and why we're all here together. Beware, something strange is going on, people are hearing strange noises in the valley, a disturbing dissonant hum of some kind. Listen, don't let anyone see you enter the forest!”

By the stealth of night Redfield began his journey into the valley alone. In the morning he began to review the Seventh Insight: Synchronicity follows a certain structure. First, we must work to **clear our hearts of past dramas**. Then we can begin to identify certain questions that define our particular life situation, how we should proceed in our path. If we remain *prayerful* and aware, intuitions will provide impressions of where to go, what to do, with whom to speak in order to pursue an answer. A coincidence is supposed to occur, revealing the reason we were urged to follow such a course, providing new information to lead us forward” (*card 40*).

As he began to concentrate on listening, he could hear the disturbing low dissonant hum. A picture rose in his mind: he was gazing at a crystal-clear pool of water with tiers of waterfalls. By following his intuitions and watching the paths of animals, he was led to the pool and falls.

CH. 2 REVIEWING THE JOURNEY OF YOUR LIFE: After resting he opened his eyes and his friend Wil was suddenly there, appearing slightly luminescent! They had met in Peru. Redfield told him about Charlene, David, and the Tenth Insight, and how he was seeing images of historical times and visions of this pool and falls. Wil asked, “Where were you in the scene with the pool?” “I was walking up and seeing it.” “Then it was a scene of a potential future. In the first Nine Insights one experiences intuitions as gut feelings or vague hunches. Here in the valley the same thing is happening. When you received a mental image of the pool, a potential event, by living it out you brought on the coincidence of discovering the location. If you had shrugged off the image, you would have missed the synchronicity and your life would have stayed flat.

“Let me tell you about my experience in the *Afterlife* Dimension. I discovered I could will myself anywhere by imaging a destination in my mind. By imaging a blank field, I could travel off the planet into a place of pure ideas and could create anything by imaging it. It seemed real but it wasn't fulfilling, I wasn't maintaining my inner connection. So I focused within again, looking for a higher connection, trusting in the divine energy, it elevated my vibration and I began to receive intuitions again. I saw your image then traveled around until I found you here.

THE EVANGELIST PHILIP WAS A CONSECRATED PERSON, A MEMBER OF A GROUP OF SEVEN. AN ANGEL TOLD HIM TO TRAVEL A CERTAIN ROAD WHERE HE MET A EUNUCH, AN OFFICIAL OF THE QUEEN OF ETHIOPIA. INTERNALLY, THE SPIRIT INSTRUCTED PHILIP TO MINISTER BAPTISM TO HIM. “WHEN THEY CAME OUT OF THE WATER, THE SPIRIT OF THE LORD SUDDENLY TOOK PHILIP AWAY AND THE EUNUCH DID NOT SEE HIM AGAIN. PHILIP, HOWEVER, APPEARED AT AZOTUS, SLIGHTLY LUMINESCENT!” (ACTS 21: 8; 26–40).

“As I maintained your image, I began to move into the Afterlife and could see groups of souls and pick up on their thoughts. The Tenth Insight exists only in the Afterlife. Like all divinely inspired scriptures, only when enough people sense it intuitively can it become real enough for someone to write it down. **This insight shows the reality of Earth's spiritual transformation from both the Earthly and Afterlife dimension—why we are uniting the dimensions and must fulfill this historical purpose.** At the same time this spiritual **World View** is emerging, a reactive polarization is rising up in **Fearful** opposition, seeking to **control the future** with new technologies, more dangerous than nuclear. The Tenth Insight resolves this polarization.”
