

JESUS SAID: "IF TWO OF YOU ON EARTH **AGREE** ABOUT ANYTHING YOU ASK FOR, IT WILL BE DONE FOR YOU BY MY FATHER IN HEAVEN. WHERE TWO OR THREE **COME TOGETHER** IN MY NAME, I AM WITH THEM" (MT. 18: 19).

REACHING A COLLECTIVE AGREEMENT!

Curtis continued, "To established a synchronistic economic flow in the world, businesses must shift into a higher awareness. Instead of asking, 'What can I produce to make the most money,' ask, 'What can I produce that will liberate and inform and preserve environmental balance?' We have to awaken to the **destiny** of technology—to make everyday subsistence easier and inexpensive, so the **orientation of life can shift from our mere survival to the interchange of pure spiritual information.** To consciously move business toward an enlightened capitalism, stop charging as much as the market will bear, follow a new business ethic, lower prices a specified percent, a business tithes, as a **conscious statement, a collective agreement** of where we want our **future** economy to go. Charlene smiled, "If all businesses reduced prices ten percent, then all costs would go down!" "That's right!" Curtis replied, "and the safe and proper use of Earth's electromagnetic source of energy would also help bring down costs." Maya asked, "Do you think enough businesses will reduce profits to make a difference?"

The energy moved to Redfield, "If one believes that life is just a matter of personal survival in a meaningless world, then it makes sense to only focus on your self-interest. But if you see life as a spiritual evolution, with spiritual responsibilities, then your view changes. Once we see the birth process from the perspective of the Afterlife, we realize that **we're all here to bring the Earth dimension into alignment with the Heavenly sphere.** Opportunity and success are mysterious processes, and if we operate our economic life in the flow of the overall **destined plan,** we synchronistically meet other people who are doing the same thing, *nothing is by chance!* Suddenly prosperity opens up because that's where intuitions and coincidences **lead us** (card 53). We'll remember more of our Birth Vision as it becomes clearer what we intended to do."

Charlene intuited, "I know how we bring in the **World Vision!** Each person belongs to a soul group, representing the various occupational groups. When someone finds their right work, they are working in **unity** and **harmony** with their soul group. When enough people wake up and remember their Birth Vision, their occupational group comes into **alignment** with their soul group, moving that occupation toward its true soul purpose, service to human society, not self. As our soul groups' vibrations come closer into mutual harmony with us and we with them, both dimensions open into each other and we begin to communicate by picking up on their knowledge and memory. Soul groups live in a dimension where they arbitrarily manifest ideas, there is no solid world, so many groups are fragmented and out of resonance. That's why the Earth is the primary focus of souls in Heaven. They can't unite on their own. We affect what happens there, but ideas manifest on Earth slower. **Earth must reach some agreement on what we want to happen in the future. It's this conscious agreement, this consensus, this unity of vision on Earth that solidifies the soul groups in the Afterlife."**

Redfield saw their soul groups converge, forming a circle around them. Charlene continued, "The physical dimension is where the unification of souls takes place. It is the theater in which evolution is playing out for both dimensions. As we comprehend what we're here to do, we bring it into culmination. This **Eighth Insight** process of clearing emotions and remembering our Birth Visions is happening everywhere with groups, from families to nations. We **each** hold a piece of the **whole Vision.** By being *examples with our lives,* remembering the good job we intended to do, held in the memory of our soul groups, we will bring into consciousness a **joyful Vision** of the **future,** uniting and healing Heaven and Earth!"

(Med. 6/2/16/card 57)

"DEAR CHILDREN: TODAY I DESIRE TO SHARE HEAVENLY JOY WITH YOU. YOU, LITTLE CHILDREN, OPEN THE DOOR OF YOUR HEART SO THAT HOPE, PEACE AND LOVE, WHICH ONLY GOD GIVES, MAY GROW IN YOUR HEART. LITTLE CHILDREN, YOU ARE TOO BOUND TO THE EARTH AND EARTHLY THINGS, THAT IS WHY, SATAN IS ROLLING YOU LIKE THE WIND ROLLS THE WAVES OF THE SEA. THEREFORE, MAY THE CHAIN OF YOUR LIFE BE PRAYER WITH THE HEART AND ADORATION OF MY SON JESUS. GIVE OVER YOUR FUTURE TO HIM SO THAT IN HIM YOU MAY BE JOY AND AN EXAMPLE WITH YOUR LIVES TO OTHERS. THANK YOU FOR HAVING RESPONDED TO MY CALL" (MED. 8/25/16).

HAIL MARY, MOTHER OF GRACE, AS I INVOKE YOUR LOVE, HELP ME TO REMEMBER IN THE FUTURE THAT I WAS BORN TO HAVE A LIFE OF IMMEASURABLE FAITH AND TRUST IN THE HEAVENLY FATHER.

HOLY MARY, PRAY TO YOUR SON TO GRANT ME THE GRACE TO ACCEPT PAIN AND SUFFERING FOR OTHERS SO HIS FACE OF LOVE IS REVEALED IN ME!

MARY HAS BEEN COMING FROM HEAVEN TO MEDJUGORJE SINCE 1981, CALLING US TO UNITY BY INVOKING HER SON'S LOVE FOR A FUTURE OF HOPE, PEACE AND JOY (CARD 15).

**TO SEE A FUTURE OF HOPE, PEACE, LOVE AND JOY, HAVE PURE AND OPEN HEARTS!
TO REACH COLLECTIVE WISDOM, SEE THE FACE OF JESUS AND MARY IN EVERYONE!**

“DEAR CHILDREN: According to the will of my Son and my motherly love, I am coming to you, my children, but especially to those who have not yet come to know the love of my Son (*nor your job for him!*). I am coming to you who think of me and who invoke me. To you, I am giving my motherly love and I am carrying the blessing of my Son. Do you have **pure and open hearts**, and do you see the gifts, the signs of my presence and love? My children, in your earthly life, be **LED** by my example. **My life was pain, silence and immeasurable faith and trust in the Heavenly Father. NOTHING IS BY CHANCE: neither pain, nor joy, nor suffering, nor love. All of these are GRACES which my Son grants to you and which LEAD you to eternal life. Of you, my Son asks for love and prayer in Him.**

“As a mother I will teach you to love and to pray in Him means to pray in the silence of your soul and not only reciting prayers with your lips, but it is also the least beautiful gesture done in the Name of my Son—it is patience, mercy, the acceptance of pain and sacrifice done for the sake of another. My children, **my Son is looking at you. Pray that you also may see His face and that it may be revealed to you.** My children, I am revealing to you the only and real truth. Pray that you may comprehend it and be able to spread love and hope, that you may be able to be apostles of my love. In a special way, my motherly heart loves the shepherds. Pray for their blessed hands” (Med. 9/2/16).

THE TENTH INSIGHT by James Redfield takes place in a valley in the Appalachian mountains, where natural dimensional openings occur. Redfield was searching for his missing friend **Charlene**, who had left a map of the valley on her desk. While searching he met **David Lone Eagle**, who told him about the Tenth Insight—a Native American **World Vision**—a plan to **unify, align, and solidify** Heaven and Earth! With his friend **Wil**, Redfield traveled through the openings into the Afterlife to learn about the plan and how to stop an experiment. A scientist, **Feyman**, was using a huge generator system, trying to tie into Earth’s electromagnetic source through an opening, potentially disrupting nine dimensions, causing death and devastation on Earth! In the Afterlife they saw a war that took place in the valley with the Native Americans in the early 19th century. Redfield learned he was part of a group of seven, involved in the war, who came back to stop him if they can remember how they intended to do it in their **Birth Visions**. Nothing is by chance! Synchronistically, Redfield ran into others who were part of the group. First he met Maya, a physician, who left to get help. Then he met Curtis, who years earlier had worked on the experiment and knew its dangers. Curtis tried to blow it up and now he and Redfield were on the run, hiding in a cave. Returning to find Redfield, Maya heard the sound of Feyman’s vehicles and tried to hide. Redfield saw her and brought her to the cave (Ch. 1-8/cards 53–59). The following is abridged from chapter 8—**Forgiving**.

FORGIVING: PURE AND OPEN HEARTS! They heard movement below the cave and saw Charlene held at gunpoint. Curtis overcame the guard. Her face in tears, Charlene explained: “I heard about the sacred openings connected to the Tenth Insight and came to the valley with a friend. My friend left then I met Feyman, who employed me to show him the vortexes because I could sense their energy. I learned he was intercepting my letters. Then I realized he was tracking us electronically to get an energy profile to hone in on the areas, but I didn’t know why. He sent me to remote areas when he was experimenting. I finally figured out the dangers and tried to leave, so he put me under guard. I have traveled through the openings and seen the war in the valley in the 19th century and that we’re a group of seven come back to stop him if we can remember our **Birth Visions**. But we have to **forgive** and **clear our emotions** so we can have **pure and open hearts!** Then we can operate fully as a group, using **Eighth Insight** techniques to uplift each other’s energy by focusing on their **beauty** and **higher-self wisdom**” (card 41).

MARY TEACHES WE ARE ONLY BORN ONCE, BUT POSSIBLY SOME GROUPS COME BACK TO HELP US! (CH. 1/CARD 53)

In the cave Charlene continued, “The **Eighth Insight** reveals a process for groups to work in a harmonious flow by coming fully back to love.” Curtis, his face looking blank, said, “That’s easy to say, the problem is doing it!” Maya explained, “The key is to first open up and to discuss the emotions everyone is feeling, the resentments and judgements. This brings it into present awareness so that we can forgive and relegate it to the past, enabling us to have pure and open hearts and return to the state of love.” The group opened up and discussed the negative and positive emotions felt among them. Then in the state of love, they connected to the divine source inside, building up their energy. Redfield saw the green hue of Maya’s **soul group** forming behind her and began to receive intuitive information about her **Birth Vision** (*soul groups hold the knowledge and memory of the God-given intention for our birth, the reason we are born/card 55*).

TO INTUIT YOUR BIRTH VISION OR HELP SOMEONE REMEMBER THEIR’S: PRAY THE ROSARY INTENSELY! (CARDS 6–10)

“DISCOVER ME AND JESUS IN EVERY PERSON.” (MED-JEL. 1/31/84, 2/5/84)

Maya continued, “For a group to remember their higher birth intentions and reach its full creativity, they must go through this clearing process. Once the chain of negative emotions is broken, they can move past power struggles and find their full creativity by finding a **higher-self expression in every face**. If we look closely at another person’s face, we can cut through any facades, or ego defenses, and find the individual’s **authentic expression**, their real self is revealed. Focus on their whole face, not just their eyes or mouth. Within all their features, one can find an authentic expression, the soul shining through. When we focus in love, this energy is sent to this higher-self aspect of the person, **invoking love!** As we look at them, they seem to change before our eyes as their greater capabilities shift into play. As each person sends the other **mutual love**, the group rises to a new level of wisdom with more energy at its disposal, and this greater energy is sent back to everyone else, having an amplification effect, reaching **collective wisdom**.” Maya no longer appeared tired, her face revealed her higher self-expression, her features had a look of certainty and genius. She was taking on the green hue of her soul group as she moved in harmony with them, picking up on their collective knowledge. Then the group energy shifted to Curtis.

As the group focused on him, he opened up: “I’m certain I was born to transform business to **consciously** utilize energy sources in the correct way. This will bring in the **Ninth Insight**, the automation of production, **freeing us from menial labor to pursue our destined occupations in the millennium** (card 42). I feel business, though labeled as the greedy villain, is moving into a spiritual awareness and in need of a new business ethic. The productivity index, the record of goods and services produced by each person, has steadily increased through technology and the use of natural resources, but we need to evolve in a conscious manner.” Redfield began to pick up on the collective knowledge of Curtis’ soul group, the memory of his Birth Vision. Curtis was born in WWII, the peak of Nuclear power, with a vision to move technology to its **destined purpose**. Redfield, with a fallen face, expressed **Fear** about the **future**, “Shouldn’t the environmental damage caused by economic growth form a limit to business? If we go on like this, the environment will fall apart.” In loving support the group focused energy toward him, helping him lift his energy and return to his inner connection and authentic expression.

“You’re right,” Curtis said, “we’ve been advancing technology, forgetting that we’re on an organic planet. But one of the most creative areas of business is pollution control. The problem is that government can’t police everyone. Citizens should take pictures, catching illegal polluters, and businesses and employees must consciously regulate themselves.” Maya sensed another problem, “What about all the people losing their jobs as the economy is automated?” Curtis’ eyes brightened, “These workers must learn to live **intuitively** and **synchronistically**. You don’t need a formal education, educate yourself, become an expert in some niche, so that you will be **led** to the right place in time to advise someone or perform some service, **nothing is by chance!**”
