

BIRTH VISION: "WE ARE GOD'S WORKMANSHIP, CREATED IN OUR FRIEND JESUS TO DO GOOD WORKS, WHICH GOD PLANNED IN ADVANCE FOR US TO DO!" (EPH. 2: 10)

THE VISION OF THE UTOPIAN FUTURE!

The hologram moved forward and they witnessed human consciousness move into the remembrance of how we **planned** to accomplish this utopian future. Redfield observed, "When the energy of the **prayer groups** reached critical mass, projecting love and light onto the two sides, the polarization eased. People began to awaken and remember the **good intentions** of their **Birth Visions** and to follow their **intuitions** and **synchronistic** paths (card 53). The technology controllers remembered their Birth Visions and gave up on their plan to manipulate the economy and seize power. A contagion of **cooperation, consensus** through **dialogue, intervention, personal involvement, and action** spread over the Earth!

"The scene shifted to inner cities and forgotten rural families. A new spiritual consensus was being integrated and synthesized from the old traditional truth and the new spiritual worldview on how to intervene in cycles of poverty. As people awakened and remembered their mission and purpose, they began to get personally involved, helping others as a friend. They no longer **stood idly by**, relying on traditional government programs. Through dialogue, a consensus also emerged on the way we treat criminals. While the old view of incarceration remained, a new spiritual view was introduced, illuminating dark criminal hearts by initiating the only rehabilitation that really works: the contagion of remembering the plan of one's **Birth Vision!**

"NOTHING IS BY CHANCE!" (MED. 9/2/16) | "As the contagion of cooperation and dialogue spread, coalitions intervened in conflict at every level. They began to see that in each instance someone had been **perfectly placed** that could have made a difference, but had failed the **TEST** to act. As the future unfolded, the contagion of remembering spread toward other social problems—polluters. Through consensus, wisdom was emerging that, as with the problem of poverty and crime, the crime of pollution was **compliant bystanders**, people who failed to intervene. These people would not pollute themselves, but worked with or knew about others who damaged the planet. In the past they failed to get involved because of job security or because they felt alone in their opinion. But encouraged by their awakening, they realized they were in the **exact position** to take action and rally public opinion. They became **inspired witnesses**, exposing | **"YOU WILL HAVE A NEED TO WITNESS!"** crimes, realizing failure to act would result in a bad Afterlife Review (card 53).

"As the light of **prayer** spread, every occupational group consciously shifted to their true spiritual role of service to mankind by remembering their Birth Visions, the good intentions behind their lives. Youths were encouraged by their parents and teachers to remember their Birth Visions by following their **intuitions** and **synchronistic** paths. All were realizing that we are here to raise the energy level of Earth and **institute the utopian Afterlife culture.**

"Political struggles shifted from **violence** to a **war of words** as humans became conscious that every nation held special spiritual truths. Nations began to comprehend that our destiny was to discuss and compare perspectives and to integrate and synthesize them into a new global spirituality, bringing world peace. **These dialogues would altered the end-time prophecies.** As prophesied a temple was built in Jerusalem and occupied by all major religions. But instead of violence, spiritual perspectives were debated, discussed, integrated and synthesized into a new spiritual world understanding, opening everyone to the final infusion of the Holy Spirit. Thus the prophecies were fulfilled in a **symbolic** way, **avoiding the physical apocalypse.** As humans began to rapture, walking into the Afterlife, the **soul groups** also began to rapture onto Earth, creating the **planned unification** of a **New Heaven and Earth!"**

**THE GREAT TEST OF LOVE, HOPE AND BELIEVING YOU CAN ILLUMINATE DARK HEARTS!
Pray for them to Wake Up—To Remember and Comprehend their Birth Vision!**

“DEAR CHILDREN: The Holy Spirit, according to the Heavenly Father, made me the mother—the mother of Jesus—and by this alone, also your mother. That is why I am coming to hear you, that I may open my motherly arms to you; to give you my heart and to call you to remain with me, because from the top of the Cross my Son entrusted you to me. Unfortunately, many of my children have not come to know the love of my Son; many of them do not want to come to know Him. Oh, my children, **how much bad is done by those who must see or interpret in order to believe.** That is why, you, my children, my apostles, in the silence of your heart, listen to the voice of my Son, so that your heart may be His home, that it may not be dark and sad, but that it may be illuminated with the light of my Son. **SEEK HOPE WITH FAITH,** because faith is the **life of the soul.** I am calling you: **PRAY, PRAY** to **live** faith in humility, in spiritual peace, and illuminated by the light.

(JN. 19: 25–27)**

“My children, **do not strive to comprehend everything immediately,** because I also did not comprehend everything immediately; but I **LOVED** and I **BELIEVED** in the divine words which my Son spoke—**He who was the FIRST LIGHT and the BEGINNING OF REDEMPTION (BEFORE THE CREATION OF THE FOUNDATION OF THE WORLD!).** Apostles of my love—you who **PRAY,** sacrifice yourselves, love and **do not judge**—you go and **spread the truth,** the words of my Son, the Gospel, because you are the **living Gospel;** you are the rays of the light of my Son. My Son and I will be with you to encourage you and to **TEST** you. My children, always implore the blessing of those, and only of those whose hands have been blessed by my Son, of your shepherds” (Med. 10/2/16).

THE TENTH INSIGHT by James Redfield takes place in the Appalachian mountains, where he was searching for his friend Charlene. By traveling through dimensional openings into the Afterlife, he learned he was part of a group of seven, who shared a **Birth Vision** to bring in the **World Vision, a plan to unify Heaven and Earth!** Also the group must **unite** to stop a bad experiment being tested by a scientist, **Feyman,** who built a huge generator in an underground bunker to tie into Earth’s electromagnetic field through an opening. Synchronistically, Redfield met two other members of the group, Maya and Curtis. Curtis acted hastily to stop the test using explosives and failed. Now he, Redfield, and Maya were on the run, hiding in a cave. They spied Charlene held at gunpoint below the cave and Curtis overcame the guard. Then to remember the plan of their **Birth Vision,** how to bring in the **World Vision** and stop the test, **united,** they raised their love energy and connected to their **soul groups,** who hold the memory of our **birth plans** (Ch. 1-8/cards 53–60). Chapter 9, **Remembering the Future,** is abridged, **integrated** and **synthesized** with Mary’s ongoing messages!

**REMEMBERING
THE FUTURE**

Their connection was interrupted by an earth tremor caused by the experiment. They slowly made their way to the underground bunker to try to stop it. Four armed men appeared. Feyman recognized Curtis, “You tried to blow up the generator,” he said. Curtis retorted, “Your plan won’t work, you’ll ruin the valley!” Feyman responded, “My plan will work! It’s what I was born to do!” Redfield had seen Feyman’s **Birth Vision** while in the Afterlife and said, “No, you were born with a plan to bring in safe technology!” (card 59). Feyman ordered the guards to shoot them if they tried to leave. Another tremor sent trees falling and Maya ran north. A guard tried to shoot her but a white light darted in front of her. Charlene ran northeast. Then Curtis and Redfield also ran northeast toward the waterfall. When they met up, **united,** they raised their energy and again connected with their **soul groups.**

WE WERE CHOSEN AND CREATED IN CHRIST BEFORE THE FOUNDATION OF THE WORLD!

“BLESSED BE GOD THE FATHER OF OUR LORD JESUS CHRIST, WHO HAS BLESSED US WITH EVERY SPIRITUAL BLESSING IN THE HEAVENLY PLACES IN CHRIST, BECAUSE HE CHOSE US IN HIM, WHO IS THE FIRST LIGHT AND BEGINNING OF REDEMPTION, BEFORE THE CREATION OF THE FOUNDATION OF THE WORLD! IN LOVE HE PREDESTINED US TO BE ADOPTED AS HIS SONS THROUGH JESUS. IN HIM WE HAVE REDEMPTION THROUGH HIS BLOOD. FOR GOD HAS MADE KNOWN TO US IN ALL WISDOM AND INSIGHT THE MYSTERY OF HIS WILL, A PLAN HE PURPOSED IN CHRIST TO BE PUT INTO EFFECT WHEN THE TIMES REACH THEIR FULFILLMENT—TO UNITE ALL THINGS IN HEAVEN AND ON EARTH UNDER CHRIST. HAVING BELIEVED, YOU WERE MARKED IN HIM WITH A SEAL, THE PROMISED HOLY SPIRIT” (EPH. 1: 3–14 ABRIDGED).

**A LIVING
PICTURE OF
CREATION IN
THE FIRST
LIGHT AND
BEGINNING
OF OUR
REDEMPTION
UNTO THE
UNIFICATION
OF HEAVEN
AND EARTH!**

A huge hologram appeared and they witnessed history from the beginning of the universe, to a distant end. They saw the **first light** explode matter into being and ultimately form the Earth. The elements formed into complex substances, finally leaping into organic life, as if guided by an overall plan. Fishes progressed into amphibians, evolving into reptiles, and ultimately into mammals. Redfield intuited that **“an aspect of each of the souls in the Afterlife and a part of all of humanity had lived through this long, slow process of evolution!** We had swum as fishes, crawled as amphibians, and finally moved into human form—all with intention! We were striving to **wake up, unify, evolve,** and eventually **implement on Earth the same spiritual culture that exists in the Afterlife!** As humans progressed we went from comprehending the divine in terms of nature gods, to an understanding of the divine as one Father God outside ourselves and the Holy Spirit within. Prophetic texts were intuited, offering us a **symbolic expression** of our **friendly relationship** and **future** with this one deity.”

The four witnessed human consciousness progress from the beginning of time to the present. A mind-set was forming—a **polarization of Fear**—humans were migrating into two conflicting positions: one pushing for a new spiritual transformation; the other resisting, sensing that important values contained in the old view were being lost. This conflict would be our **GREATEST TEST** to Earth’s unification, especially if we believed the shepherds who literally interpret end-time prophecies, teaching us the future is beyond our influence. Redfield intuited, “To find the **World Vision** and resolve the **polarization,** we need to comprehend the deeper **truths** of prophecy. All Scriptural visions are divine intuitions, coming from the Afterlife into the physical plane and are draped in **symbolism,** like a dream. They envision a **bad end** for **nonbelievers,** who experience natural disasters and collapsing economies. Then an Antichrist emerges and controls the economy through technology with the ‘mark of the beast.’ But **believers** are redeemed, given spiritual bodies, raptured into the New Jerusalem, and go back and forth between the dimensions. Finally **our friend** Jesus returns, bringing a thousand years of peace.”

**“HOW MUCH
BAD IS DONE
BY THOSE
WHO MUST
SEE OR
INTERPRET
IN ORDER TO
BELIEVE!”**

The group realized **two possible futures** were opening before us and that our interpretation of the prophecies was the key to resolving the polarization. Redfield intuited, “We can choose to languish in **Fear,** believing we are predestined to social decay and self-destruction; or we can **seek a path of hope with faith** by seeing and **believing** that we can overcome this nihilistic (**bad**) interpretation of prophecy by opening to the higher vibration of **love,** sparing us the apocalypse. Then we can enter a dimension in which we invite the Spirit, through us, to create the utopia envisioned by the prophets. But if we decide that these Scriptures mean the destruction of the world is inevitable, written unalterably into **God’s plan,** the effect of such a **bad belief** will be to create this very outcome. Clearly we have to choose the path of **love** and **believing** and to **strive to comprehend** that each side represents a part of the **truth,** which can be **integrated** and **synthesized** into the new spiritual worldview. The Insights, especially the Tenth Insight—the formation of **prayer groups** to project **light** and **love** over the world—will bring it about!”
