

15 ARCHTYPE DREAMS—BASIC DREAM SYMBOLISMS!

The Dream Book: Symbols for Self-Understanding by Betty Bethards (pgs. 34-41 abridged)

Dreams are messages from higher dimensions given in symbols to get you to SEE. All persons in a dream are an aspect of yourself. A particular person represents qualities within you that you project onto them. A house or any building is you: An attic or upstairs symbolizes the spiritual self; the ground floor is the physical self; the basement is your sexual or subconscious self. Vehicles also symbolize you: An airplane is your spiritual self; a car your physical self; a ship your emotional self. A bike or motorcycle means you need balance. If you are in the air, it is your spiritual self; on the earth, physical self; water is the emotions; fire purification; animals represent characteristics associated with them.

Nightmares reveal fears blown way out of proportion or something you have suppressed. They help you SEE your negative behaviors. You must face them and consciously work them out.

Disaster dreams indicate a sudden change in your life, a new direction. A flood is an emotional upheaval; earthquake, a big rearrangement in your affairs; fire, cleansing from negative beliefs.

Sexual dreams indicate a balance or merger within self of your male/female polarities. Sex with the same sex or a family member indicates merging within the self qualities of that person.

Costume dreams usually represent a problem you are facing now that was the same one you dealt with in a past life. They help you gain perspective on what is presently confronting you.

Directional dreams show the path you are on; going up is the right direction, down the wrong; if up and down your energies are scattered; right is the path of intuition, left intellect and reason.

Flying dreams usually mean you are out of the body. Gain control and you can go anywhere. If you start to crash, you have a fear of exploring higher dimensions, breaking out of limits.

Falling dreams indicate you are having a bad landing coming back into the body. **We all leave the body at night and transcend the physical third dimension and are taught in the fourth.**

Obscene dreams are not trying to offend you but to get you to SEE a level of self or limitations you are avoiding. Try to understand the dream and work it out, you may SEE humor in it.

Recurring nightmares mean you have not dealt with some fear. Recurring fences or barricades mean there is a limit you have imposed upon yourself that you need to SEE and then remove.

Snake dreams represent the kundalini life force energy. Kundalini is housed at the base of the spine. The snake-like energy moves up the body, trying to awaken the chakra spiritual centers.

Money dreams represent changes coming. Small coins, small changes; lots of bills, big changes.

Toilet dreams indicate you need to flush out negative mental, physical and/or emotional waste. Difficulty in elimination indicates suppression; diarrhea is forced elimination of negativity.

Blood dreams indicate a loss of energy. If stabbed in a certain area, check the corresponding chakra to see where you are losing energy. If you are being murdered or are murdering someone else, you are killing off a part of the self no longer needed or a part of self you are not nurturing.

Death dreams indicate an end of the old, making way for the new. Death represents dying to a part of self needed for growth or that you are dead inside and need to awaken your feelings.

Chase dreams indicate you are running away from something, avoiding looking at a problem. Turn around and confront whatever is chasing you and you will make peace with it.

♥ IN 2022 THE SEASON OF LENT BEGINS ON VALENTINE'S DAY—3 SUNDAYS BEFORE ASH WEDNESDAY!

JESUS SAID: "WHEN THE SON OF MAN COMES, HE WILL SEPARATE THE NATIONS AS A SHEPHERD SEPARATES THE SHEEP FROM THE GOATS—SHEEP ON HIS RIGHT, GOATS ON HIS LEFT. HE WILL SAY TO THE SHEEP, 'YOU ARE BLESSED BY MY FATHER, TAKE YOUR INHERITANCE—HIS KINGDOM. FOR I WAS HUNGRY AND YOU FED ME, I WAS A STRANGER AND YOU INVITED ME IN, I NEEDED CLOTHES AND YOU CLOTHED ME, I WAS SICK AND YOU LOOKED AFTER ME, I WAS IN PRISON AND YOU VISITED ME.' THE RIGHTEOUS WILL ASK, 'LORD, WHEN DID WE DO THIS GOOD TO YOU?' HE WILL REPLY, 'WHATEVER GOOD YOU DID TO THE LEAST OF MY BROTHERS, YOU DID TO ME.' BUT HE WILL SAY TO THE GOATS, 'DEPART FROM ME INTO HELL FIRE FOR WHEN I NEEDED HELP, YOU PERSECUTED ME.'" (MT. 25: 31-46)

JESUS—THE FACE OF THE HEAVENLY FATHER!

To Solve the Problem of Illegal Immigration—Visualize Jesus' Face!

“DEAR CHILDREN: My beloved Son always prayed and glorified the Heavenly Father. He always said everything to Him and trusted in His will. This is what you, my children, should also **DO**, because the Heavenly Father always listens to His children. **One heart in one heart—love, light and life. The Heavenly Father gave Himself through a human face, and this face**

is the face of my Son. You, apostles of my love, you should always carry the **face** of my Son in your **hearts** and your **thoughts**. You should always **think** of His **love** and His **sacrifice**. You should **pray** to always **feel His presence**, because, apostles of my love, **that is the way** for you to **help** all those who do not know my Son, who have not come to know His love.

“My children, read the book of the Gospel. It is always something new, it is what binds you to my Son, who was born to bring the words of life to all of my children and to sacrifice Himself for all. **Apostles of my love, carried by the love for my Son, bring love and peace to all of your brothers. Judge no one. Love everyone** according to the love for my Son. **In this way, you will also be caring for YOUR soul,** and your soul is that which is most precious, which truly belongs to you” (5old Med. 11/02/19—card 109).

SEEING WITH THE MIND'S EYE (1975) is a book by Mike Samuels M.D. and Nancy Samuels. In this series I abridge the book and weave it with Mary's messages, the Catholic calendar, current events, and messages from Archangel Michael from Series 7 to help you SEE! Michael reveals, “Satan drops unloving **thought forms** through temptation and disguise for anyone to **utilize and manifest.**” On 3/13/20, President Trump signed an Executive Order to close down our free market economy under the guise it would only be for two weeks to eradicate COVID. He briefly noted the data collected by scientists to let it pass through the populous to build up herd immunity, ignoring their good advice. Satan had tempted him! He thought he could utilize the pandemic as a creative solution to revive his failing second-term campaign. He imagined himself as a wartime president and declared it on 3/18/20. Over the remainder of his term, he never re-opened the economy. He printed trillions of dollars under stimulus packages to subsidize and control the economy. Thus with his pen he deceptively wiped out free market capitalism and reigned in the face of Communism, all the while saying he was saving us. He closed churches and censored all dissenting voices, thus stamping out our 1st Amendment freedoms. On 3/25/20, Mary declared: **“Satan is reigning and wants to destroy your lives!”** After losing his second term, he hatched a new idea. On 1/6/21, he incited his followers to attack congress in a military maneuver, attempting to keep Biden from taking office. If he had succeeded, he would have overthrown our republic form of government and would have declared Martial law to maintain civil order using military forces. We would no longer be free, but would be under his dictatorship. If he is re-elected, he will again shackle the nation with his Zero Tolerance policy, a sin against our brothers and **ourselves**. Chapter 15 follows: “Creativity.”

VISUALIZE JESUS—THE FACE OF THE HEAVENLY FATHER—to SEE creative solutions to immigration! The key to access your creative inner process to find solutions to problems is a state of mind called **reverie**. Relaxation techniques help to access this dream state (S8/card 6). The creative process consists of four stages. **Preparation:** Consciously collect data, tools, and images. **Incubation:** Release conscious control of the problem, using relaxation techniques to enter a reverie state. This allows unconscious images to shift and realign and you begin to get glimpses of new ideas. **Illumination/SEEING:** In a flash of inspiration the right image appears in the conscious mind. **Verification/Revision:** Work out details to manifest the creative idea.

“DEAR CHILDREN: Today I am calling you to return to personal prayer. Little children, do not forget that **Satan is strong and that he wants to attract all the more souls to himself.** That is why, **YOU be vigilant in prayer and resolute in the good.** I am with you and am blessing all of you with my motherly blessing. Thank you” (new Med. 1/25/22).

FEEL JESUS' PRESENCE—ONE HEART IN ONE HEART—to think of a good way to help immigrants! Imagination is your ability to SEE solutions in your mind's eye in the form of symbolic images. Images can be accessed in unconscious states of reverie—dreams, daydreams, visions, etc. In reverie states the mind is not under the ego's control and naturally seeks to find images that solve specific problems. The unconscious mind combines images, forming streams of images, surfacing in conscious thought as new ideas. Intuition and feelings guide you to correctly choose which images to pursue. **The right one makes you feel like you are doing good.**

In reverie states the unconscious mind is filled with random images, which it can organize. It selects, arranges and correlates ideas and images into patterns. It rejects certain combinations as unimportant, but SEES the significance of others. The ability to discern figures, to recognize meaningful patterns, is an attribute of the brain called *closure*—the closure of a loop of firing brain nerve cells. Closure is the brain's ability to put new ideas together from separate images, forming a gestalt or unity. Closure is like an orchestra in the brain, playing thoughts of truth, beauty, *love, light and life*, creating imagination. If a loop is repeatedly fired, it becomes stable and an idea remains in the brain. Thus creativity is an attribute of the physical life processes.

MANIFEST LOVE, PEACE AND HEALING by visualizing an image of Jesus' face! The brain responds to visual data by seeking a **simple meaningful symbolic image** to interpret the data through the transliminal mind—the reverie state between the conscious and unconscious mind, where ideas are born free from the ego. To solve a problem the transliminal mind scans its images to come up with a meaningful image. When the right image is found, an idea is born that causes the body to respond. This is the first step toward physical manifestation of an idea.

The renowned psychiatrist Carl Jung called these images **“archetypes”**—basic universal images from the collective unconscious. He believed they are inherent in man's brain structure, part of man's primordial experience. These primitive images are the most valuable ones to man's growth because they contain the most energy and are not under the command of the ego. Jung divided artistic creativity into two modes: *psychological art* and *visionary art*. **Psychological art** deals with images of love, family life, and environment. It is the realm of understandable human conscious experience. **Visionary art** deals with images beyond the grasp of human understanding. These images exist from the hinterland of man's unconscious mind—the abyss of time separating us from pre-human ages for they are images from **other worlds**, a super-human world of contrasting light and darkness. **Jung wondered if our souls truly belong to us.** He asked: “Do we delude ourselves in thinking we possess and command our own souls? Is that which science calls the ‘psyche’ not merely confined within the skull, but rather a door that opens on the human world from a world beyond, *sometimes powerfully acting upon man?*”

Jung believed the primordial images are the source of artistic creativity. Artists often catch glimpses of mythical spirits, demons, gods and the night world. These primitive images are the expressions of the inner experience and of the collective unconscious, built into the human brain, inherited by each person. When an artist is able to SEE and express these images, he transcends the personal, single man and speaks as mankind to mankind. He is seized by a drive that works through him. An artist's work has a life of its own, as if it were a unique person. He has drawn upon the healing and redeeming forces of the collective psyche. **Thus, when mankind needs a particular image for its growth or healing, it comes through an artist.**
